Recs Win 3-County Title At Laurel

The Greenbelt Recreation Department basketball team by defeating Laurel Legion in a two-game playoff, copped the Tri-County amateur league at Laurel. The games, out of a scheduled three, were taken 52-42 and 61-47, making the third game unnecessary.

Greenbelt went into the tourney a favorite by its eleven wins in twelve games at the Laurel Armory against tri-county competition. The Laurel Legion held the championship with its previous year's victories over Snyder's, also of Laurel.

In the 52-42 victory Coach Lindeman was high scorer with 13 points, followed by Fox with 10. The second game of the playoff found Lindeman and Benefiel high scorers with 11 each, followed by Cleveland and Scott with 8 each.

The locals will be in action at Greenbelt twice this week, Thursday and Saturday, at the Center school gym. The following week the team is entered in the Gaithersburg tournament with games on Wednesday, Thursday and Saturday. The first game is scheduled at 8 p.m.

Griffin Top Man In Democratic Club

Claiming that local voters did "a great job" in the 1948 election, White House photographer Harry Griffin, 16-B Ridge, was elected president of the Greenbelt Democratic club at its annual meeting at the American Legion home last Monday night. Other officers, all elected unanimously by the more than fifty members in attendance, are William Smith, vice-president; William Baxter, secretary; Raymond Kerlin, treasurer; Earl Wilkinson, sergeant-at-arms; and R. L. J. Carmody, executive secretary.

Newcomers to the club's procedures were unable to get acquainted with last year's executive committee, as seven of the nine members were in a heated Legion executive committee meeting. A treasurer's report read by Thomas R. Freeman in the absence of treasurer Raymond Kerlin showed a healthy balance on deposit, plus \$43 in current dues received that evening.

Mr. Griffin's report of last year's activities on behalf of retiring president Carmody before interruption by a demand for election of officers, did manage to include congratulations to the local Democratic club for "keeping the rent raise out of Greenbelt."

While the club by-laws call for meetings the second Wednesday of each month, the usual procedure is to summon only the executive committee regularly, and call the membership together at greater intervals. New executive committee members, who form the policies, will be appointed by the president with the collaboration of the other officers.

Since the Hatch Act prohibits political activity by government employees, the choice of political workers in Greenbelt is necessarily limited. "We have to scrape the bottom of the barrel," noted Mr. Griffin. He added, however, that he intends to assure freedom of expression in the organization, and hopes to include all interested workers not only in Greenbelt but also from surrounding communities.

Fathers Honored

Fathers of Brownies of Troop 35 were honored at a "favorite beau" party last night in the social room of the Center school. Sister Vrbi-ana and staff members of the Scout headquarters were also present. Members of the troop performed, and the girls and their fathers played musical chairs. Mothers who assisted at the party were Mrs. George Edmond, Mrs. Lloyd Moore, Mrs. Isadore Russ, and Mrs. Frances Zell.

Mrs. Jule Elected As PTA President

Mrs. Rex Jule, 10-T Southway, was unanimously elected president of the Center school PTA at a meeting held last Wednesday afternoon.

Mrs. Charles Mandell, secretary, showed the members the 16 mm sound projector which the PTA helped to buy for the school.

A brief panel discussion on the importance of progress reports was led by Mrs. Benjamin Perlzweig, Mrs. Janet Yates and Mrs. Ira Solet.

High School PTA To Hold Meetings

Further information on housing facilities for the next school term will be given to the Greenbelt High School PTA at its regular monthly meeting on Wednesday, March 9 at 8:15 p.m. in the Greenbelt High School auditorium. The subject for discussion by the teachers will be the Core program in the junior high school grades. The Core subject, which takes the place of English, Civics or Social Studies, and General Science course, makes for one complete subject matter of related problems in the course of educational development. As the interest of parents in this new medium of teaching is very high, a large turnout is anticipated. The evening will close with refreshments and a social gathering of the parents and teachers.

Urge State Aid In School Snafu

Paper, stamped envelopes, and suggested letter forms will be available at the North End PTA meeting Tuesday night, to be sent to county representatives, urging legislation to care for the critical needs for school buildings in Prince Georges County.

All groups interested in this problem are advised to watch for announcement of public hearings on an education bill. If, by March 12, there is no report, or there is evidence of opposition to such legislation, a state-wide call to action is planned. On that Saturday, as many people as possible will be called to Annapolis to participate in a mass meeting to stress to the legislators the crucial need for school buildings in the state.

Meanwhile, interested individuals are urged to write Gov. W. Preston Lane immediately, asking his support of state aid to education.

Mary, Mary, Quite Contrary Go To The Garden Club

The Greenbelt Garden Club will hold its first meeting of the new season on Tuesday, March 8, at 8 p.m. in room 200 of the Center school. Anyone interested in growing better gardens and in the advantages of group buying is invited. Election of officers is also on the agenda.

Red Cross Bloodmobile To Visit Greenbelt

On its first Greenbelt visit since the war, the bloodmobile of the American Red Cross will be at the Center school Thursday, March 24 from 12 noon to 5:45 p.m. The visit, sponsored by the Town, is under the direction of Mrs. Joseph Rogers. Town Manager Charles T. McDonald has expressed the hope that local organizations will cooperate to make the visit a success.

Any person over 18 and under 65 years of age in good health who wishes to donate a pint of blood may contact Mrs. Rogers at 3171 for further information.

All Greenbelt Night Saturday

Greenbelt High School will hold its annual All-Greenbelt Night observance at 7 p.m. Saturday in the University of Maryland's Ritchie Coliseum at College Park.

The program will include the boys' and girls' basketball games between Greenbelt and Bladensburg High schools. The climax of the evening will be the crowning of the queen whose identity will be a secret until Saturday night.

The four candidates for queen, Esther Wolfe, Elaine Scott, Jean Kaso and Jerry Bryant, were selected by the student body. Representatives from each class, who are members of the queen's court, will be Jane Davis, 8th grade, Anne Dindlebeck, 9th grade and Marie Neher, 10th grade. The runners-up will act as attendants to the queen and her court.

Other events of the evening will include performances by the band, majorettes and tumblers.

Special buses will leave the Center at 6:15 and 6:45 and on return trips will leave the university starting at 11 p.m.

The Police Blotter

A car belonging to a Greenbelt resident was reported stolen last week. It was later determined that the vehicle had been repossessed by a finance company.

A brush fire on the Glenn Dale Road was quickly extinguished by the Greenbelt Fire department. A complaint about smoke in the hallway at 22 Parkway was received. It was later found to be caused by an oily rag burning in the fire room. Another call for assistance from the fire department was received at three o'clock in the morning. The complainant said he saw a fire from his bedroom window. Upon investigation it was discovered to be the reflection from Boiler Room No. 21.

A Greenbelt woman called the Police Department to complain about her husband continually yelling at her. No action was taken when she refused to swear out a warrant.

A sand box in the yard of a resident was destroyed over a period of two weeks, according to one complaint, and the morning papers were stolen from the porch of a resident for a period of a week, said another complainant.

Fender skirts from an auto belonging to W. H. Evers, 13-U Ridge, were lifted this past week. An auto belonging to Elmer D. Radakovich of Pittsburgh, Pa., was found in a ditch on Edmonston Road. He was not injured. Cars belonging to Julius Andrus, 11-P Ridge, and Walter Woodside, 7-I Research, were involved in a mishap in the parking area at the Center. Damage was limited to fenders on both cars, and damages will be settled by insurance claims.

After falling over a wagon on a walk, a resident called the Police Department to inform them of the accident. A complaint about a stray dog in the playground area was also received. Little Ann Maguire, 14-N Hillside, was knocked down by the dog, causing a cut finger and a scratched knee.

A window in the home of Kenneth Stewart, 52-D Ridge, was broken by a pellet from an air rifle.

A bicycle, reported stolen, was later recovered, according to another complaint. A number of articles have been missing from the locker of a high school student and the police were informed.

A call to "disperse a gang" was received by the police department from the tobacco store after closing time last week. The boys left after Officer Nuzzo suggested that they depart.

NCJW Invites Town To U. N. Film Show

The entire community is invited to the March 9 meeting of the Greenbelt section, National Council of Jewish Women.

The topic is the work of the United Nations, and will feature film strips showing the U.N. at work. The meeting starts at 8:30 p.m. in the home economics room of the Center school and will include discussion and comment on the films. The program is under the direction of the International Relations Committee.

GCS Board Elects Committee Members

Frank Lastner was re-elected president of the board of directors of Greenbelt Consumer Services at their meeting last Friday night. Other officers re-elected were vice-president Walter Bierwagen, secretary Paul Kasko, and treasurer Henry Walter. Committees elected at this meeting are: executive committee, Mrs. Carnie Harper, Henry Walter; membership committee, Edward Meredith; legislative committee, T. G. Davidson; education committee, Benjamin Rosenzweig, and Mrs. Charlotte Walsh.

A survey of store hours was presented to the board by Bassett Ferguson, assistant general manager. This data was requested by the board to compare present Monday store hours with those of last year. The manager was asked by the board to report further on this problem at the next meeting and decision was deferred until then. Mr. Ferguson also reported that the North End food store showed a loss for the month of January. The board decided to hold a meeting of the North End food store advisory committee on Wednesday, March 9, to discuss this problem.

Walter Bierwagen was selected as a delegate to the WCFM common stockholders nominating committee. Chosen as delegates to the Easter Cooperative, Inc. district meeting on March 18 are Frank Lastner, Mrs. Carnie Harper, Ed Meredith, Ben Rosenzweig, Walter Bierwagen, Henry Walter, and alternates Paul Kasko and T. G. Davidson.

Women's Club To Hear "Fight Against Cancer"

Howard W. Jones, Jr., M.D., medical director of the Maryland division of the American Cancer Society, will speak on "The Fight Against Cancer" at a meeting of the Woman's Club of Greenbelt at 2 p.m. Thursday, March 10, at the home of Mrs. Samuel L. Houlton, 19-G Ridge Rd. Motion pictures on cancer will also be shown by Dr. Jones.

The meeting will be under the direction of Mrs. W. F. Ehrhardt, welfare chairman, assisted by Mrs. David Granahan, Mrs. James W. McCarl, Mrs. Harry B. McNeel and Mrs. Francis Shea.

Nursery Mothers To Meet

The March meeting of the Greenbelt Cooperative Nursery School mothers will be held on Wednesday, March 16, at the home of Mrs. Ira Solet, 17-G Ridge. Mrs. Elizabeth Whitney of the University of Maryland will lead a discussion on discipline. Parents of four-year-olds who are interested in joining the group should contact Mrs. Bruce Bowman, membership secretary, at 6468 for information.

Two carloads of nursery school mothers attended a lecture by Dr. Arnold Gesell, head of the child study clinic at Yale University and author of the texts on child development, given at Catholic University on Wednesday night.

GMHOC To Hold Annual Meeting

Congressman Wright Patman of Texas will be the guest speaker at the annual meeting of the Greenbelt Mutual Home Owners Corporation to be held on Wednesday, March 9 in the auditorium of the Center school, at 8 p.m. He is the author of HR 2811 which was introduced in the House Banking and Currency Committee on February 17, and is known as the American City and Farm Home Act. The Bill provides for a cooperative housing administration which would be under the Housing and Home Finance Agency, on an equal footing with the Public Housing Authority.

Abraham Chasanow is chairman of the nominations and elections committee. Nominations of board members must be submitted to Paul Borsky, secretary of GMHOC no later than tomorrow.

Present Changes In Town Charter

A formal presentation of the proposed charter changes for Greenbelt was made to members of the Maryland House of Delegates and the Senate last Monday night at a dinner meeting at Carvel Hall, Annapolis, between the delegates and Greenbelt representatives, according to Town Manager Charles T. McDonald. Present at the meeting were Senator Harold Sotheron, Delegates Perry O. Wilkinson, T. Raymond Burch and William H. McGrath. Greenbelt representatives were Mr. McDonald; council members Mayor Thomas Canning, Elizabeth Harrington and David Granahan; and Town Solicitor John S. White and Town Clerk Mrs. Winifred McCafy. (Editor's note—Who picked up the check?)

Purpose of the meeting was to secure preliminary approval of the proposals by the delegates before their presentation to the Legislature.

The proposals would make Greenbelt a city, instead of a town, and would remove from the town boundaries some 200 acres of privately-owned farm land and land belonging to the Department of Agriculture.

Election Rules Changed

Election rules would be changed to provide for registration at least 30 days before election; election appeals would go to the County Circuit Court clerk instead of the town clerk; electioneering within 100 feet of polling places would be prohibited, and election notices and voting lists could be posted in any public place instead of in the community hall.

Town Solicitor Wins

Also included is a provision for a committee of three to review dismissals of town employees by the town manager, and one which would require the town solicitor to attend council meetings only upon request of the town manager.

Mr. McDonald remarked that the presentation was favorably viewed by the legislators, and that the chairman had remarked that it was one of the finest presentations he had seen of a suggester law.

Wot Happen ?

What has happened to the healthy, sturdy, squalling infant that was the Greenbelt Citizens' Association at its birth in 1937 and for the first few years of its life? Those who recall that lusty young creature must have difficulty in recognizing the whispers of the prematurely senile organization that is GCA in its twelfth year.

On February 18, Bernard M. Suttler, FBI representative, came to Greenbelt to address the Citizens' Association on juvenile delinquency. Instead of an auditorium filled with citizens anxious to learn what could be done about the acute local problems, only eight people were present to hear the excellent advice offered by Mr. Suttler.

Ineptness on the part of GCA leadership can be blamed for the late announcement of the meeting (one day's notice in *The Cooperator*), but only public apathy can account for the ridiculously minute segment of the local citizenry that attended.

If further evidence of GCA's decline is needed, consider this: If GCA's president, eight years ago, had missed by one day calling an election meeting, the whole town would have known it and violently protested. Today, an election is six months overdue—and no one seems to be aware of it.

Mrs. Margaret Carmody, in the absence of assistance from other GCA officers, can be given credit for attempts during the past year and a half to hold meetings. We are sure that, had she known that her efforts would be the only ones toward reviving a dying organization, she would never have accepted the responsibility.

We would like to ask her, however, despite the frustration she must feel as GCA's president, to give Greenbelt citizens another chance, with a well-heralded, well-organized election meeting in the near future. —S.M.

Lyman Woodman was high man for Greenbelt with 285 (that's real good); Ruth Morgan scored 280 (that ain't bad); and Dick Bates, Harry Bates and Don Kern did right well by way of winning for GGC.

"5c—Ride the Co-op Bus," Mr. L. suggests. "Altho we live near the center, my wife recently started to take her groceries home on the bus. It's easier than walking with heavy bundles, and the ride costs only 5c."

"The Co-op Beauty Shop is Tops," says Mrs. S. "The courteous, expert service by the friendly staff makes my trips there a pleasure. A shampoo and set at only \$1.50 is a good value, too."

What is the "BEST BUY" offered in Greenbelt today? As a G.C.S. Stockholder or Consumer, what product or service do you suggest that we advertise?

* Is it that powerful Co-op Gasoline at lowest area prices—made and bought by specification?

* Is it Mrs. Sprenkel's delicious Homemade Cakes selling in the Bakery for only 69c, or those Extra Big, Extra Fresh Westminster Farms Eggs rushed to us direct?

* Is it the dependable auto repair work offered by Jim and Oscar at the Garage, or by Paul at the Service Station?

* Is it the Children's Shoe line handled by Valet Shop, and selected to give long wear and best value, or the While-You-Wait Shoe Repair Service recently inaugurated there?

"Dress Goods and Patterns should be featured together," suggests Mrs. M. "The Variety Store's newly enlarged Yard Goods Dept. offers excellent values, and their Simplicity Patterns can be used to make attractive dresses as well as clothes for the children."
